

Pioneer School Science Fair

Tuesday March 30, 2010
5:30-7:30 P.M., Pioneer School Gym

The Pioneer PTA is sponsoring a Science Fair for our students (K – 5)! Let's have fun learning and exploring new things. Kids, you can ask almost any question for your science project. You can do a project by yourself or work with others. Judges will evaluate the projects non-competitively and offer advice to students

To participate in the Pioneer Science Fair, please fill out and return the Sign-up Form below to your teacher by **Monday, March 22**. We are asking students to sign up so we can make sure we have enough judges and other supplies.

Science Fair Information packets will be available in the school office beginning Monday, March 1. The packet contains instructions, safety rules and some examples. We will also be posting the Science Fair packet as a pdf file on Pioneer PTA's website.

Cardboard display boards will be available for science projects at no cost for students participating in the Science Fair. Cardboard display boards will be available in the office the week of March 15.

If you have any questions, please contact Denise Laflamme or Brad Grimsted at 352-4735 or at denise.laflamme@comcast.net.

Mrs. McQueen has several science project books in the library to give you some ideas. Students should complete their science projects at home.

Pioneer Science Fair Project Sign-up Form

Please return this form to your Teacher by Monday March 22.

Grade:	
Teacher:	

Volunteers Needed: Would you like to be a Science Fair Judge? Judging is non-competitive and fun. No experience necessary. We provide the short evaluation forms for you to use when evaluating projects. If interested in being a judge, contact Denise Laflamme at denise.laflamme@comcast.net or 352-4735. Thank you.
